SALASAR
AGRO PANEL

A B O U T U S

Salasar Agro Panel is an emerging and popular particle board manufacturer based in India. Building its foundation of quality and aesthetic supremacy, Salasar has created an assemblage of immaculate particle boards. Each board takes inspiration from nature and takes over décors with incomparable panache and grace. The USPs of Salasar Agro Panels include excellent quality, refined aesthetics and affordable prices.

The particle boards are second to none in strength, durability and application potential. All necessary steps are taken during the manufacturing of these boards to maximize their usage in every possible way. Salasar has a state-of-the-art facility to ensure above industry standards particle boards are consistently churned out. All these efforts culminate in making Salasar Agro Panels an exceptional product in terms of quality, durability, strength, utility and affordability.

TECHNICAL SPECIFICATION

The Particle Board manufactured by the Company is based on recycling of Bagasse & Wood waste and therefore helps conserve the natural resources and maintain ecological balance. The Boards are 100% eco-friendly as they substitute timber, plywood and block board for various types of furniture & building/construction industries.

The brand new imported state of the art plant has a manufacturing capacity of 60,000 cbm per annum for Wood & 60,000 cbm per annum for Bagasse. The plant has the most modern & latest machines & equipments for producing high quality flat pressed three layered plain & prelaminated particle boards.

Unique Characteristics of Salasar Bagasse & Wood based Prelaminated Particle Boards.

Three layered Boards, Resistance to Heat, Steam, Stains & Abrasion, Moisture Resistant, Fire Resistant. Excellent machinability with screw holding & load bearing capacity, Balanced construction. No air pockets. Free from warping, Attractive plain colours & wood/print effects in the prelam range. Eco-friendly product. Manufactured from agro waste, ideal for all types of Furniture and Building/Construction Industries.

Specifications met:

Plain Particle Boards: Bagasse & Wood Base

Prelaminated Particle Boards: Bagasse & Wood Base - The size of plain & prelam boards is 8x4 Feet (2440x1220mm). It is offered in 8, 9, 11, 12, 17, 18 & 25mm thickness.

Surface Finish: Matt, Suede, Textured, Glossy, 3D, Digital Plain & Pre-Laminated Particle Board Interior Grade, Exterior Grade, Both Side Laminated (BSL), One Side Laminated (OSL), Filler Board (For Flush & Modular Door) Pin Board
